http://www.canaryelectronics.com/index.php?id_product=153&controller=product&id_lang=1 Stay productive and entertained with the powerfully-performing Acer Aspire V3-572PG 15.6" Touchscreen Laptop, capable of effortless multitasking and offering more secure storage.

Highlights

- Intel® Core™ i7 processor for superior performance
- 7 hour battery life lets you do more between charges
- Touchscreen for intuitive control
- M-DISC provides safer file storage

Hardware to handle your needs

The Aspire V3-572PG runs on a dual-core Intel® Core™ i7 processor that's bolstered by 8 GB of RAM for fast performance you can rely on.

Whether you're creating a presentation, streaming HD films or recording and editing music, you'll enjoy

reliable, responsive computing that lets you work, play and create fluidly and confidently.

The Acer Aspire V3-572PG 15.6" Touchscreen Laptop is a powerful multitasking machine. It's the easiest way to interact with the new Windows 8.1 interface, letting you tap, swipe and pinch through menus, apps and windows with the tip of your finger.

The screen itself offers an HD resolution – great for work documents, web pages and light entertainment. It's complemented by Double Digital Plus Home Theatre sound.

Made for mobile use

You can use the V3-572PG all day completely wirelessly thanks to the seven hour battery life, while built-in Bluetooth means you don't even need to plug into speakers or headphones either. Connect to the internet via WiFi or using a wired Ethernet connection.

It features a precision touchpad that makes it easy to navigate through tabs, photos and more. Type with quiet ease on the FineTip keyboard, complete with a numeric keyboard for more accurate number entry.

Windows 8.1

Windows 8.1 takes the established Windows formula and adds a number of exciting improvements to help you make the most of modern computing.

While the familiar start button and traditional desktop remain, the Start Screen now features live tiles, which show live updates, messages and notifications for all your most used content, including social media, emails, news and more.

There are plenty more functional updates throughout Windows 8.1, including adjustable four-way multitasking and a completely reworked search bar; simply start typing to search your computer, connected storage media, the Cloud and web.

Solid storage

Your important files and priceless memories will stay safer with the Acer M-DISC ready drive, which is able to record and store up to 4.7 GB of data. A 1 TB hard drive offers plenty of space to store your media, software, documents and projects – have the files you like best or need most with you at all times.
