http://www.canaryelectronics.com/index.php?id_product=77&controller=product&id_lang=1 Enjoy fantastic home entertainment with the stunning Samsung UE55H6400 Smart 3D 55" LED TV. Offering some the latest and greatest Smart TV technology, you'll be able to enjoy online content, 3D viewing and Full HD images from the comfort of your sofa.

You can expect sharp picture quality and vivid images thanks to the 400 Hz Clear Motion Rate, making this television ideal for fast-paced action such as movies or sport. This motion clarity means that you'll be able to enjoy blur-free images with high contrast.

Superb Smart viewing

Multitask while you watch TV thanks to the quad core plus processor at the heart of the 55H6400. This processor provides the power you need to get the best from your TV, allowing you to browse your favourite apps whilst keeping an eye on live TV. With this super-speed processor inside your television, you won't need to wait around for your Smart content to load and you can multitask to your heart's content for a seamless experience.

Whatever you want to watch, you'll be able to find it on the UE55H6400 Smart LED TV. It includes a full suite of catch-up TV services, including all the favourites such as BBC iPlayer, 4oD and ITV Player, as well as BBC Sport and BBC News to keep you up to date.

With your favourite apps, games and more, you can comfortably sit on your sofa, or even go with friends, and enjoy the best of the best. Thanks to the quad core plus processor, you can multitask to your heart's content. Even more, you can multitask to your heart's content. With this super-speed processor inside your television, you won't need to wait around for your Smart content to load and you can multitask to your heart's content for a seamless experience.

With Freeview HD built-in, you can watch a range of popular digital channels and listen to radio stations without needing to worry about paying monthly subscriptions or fees.

An entertainment hub

Offering fast and powerful Smart TV using the Samsung Smart Hub, the H6400 LED TV organises all of your content into easy-to-navigate panels, so you can see everything at a glance. Choose between On

TV, Movies & TV Shows, Multimedia, Apps and Games to find something to keep everyone entertained.

The On TV panel gives you a personalised TV schedule that's based on what you want to watch and when you want to watch it, so you can enjoy a tailored viewing experience. It will make suggestions of shows that are on now or next, and you can personalise it further by adding categories such as Movies, Dramas, Sports and Kids.

There is also a games panel which provides a variety of fun games to entertain the whole family without the need for any additional items such as games consoles. Download the game you want to play using the panel and choose how you want to control the game - you can use a Samsung smart remote, your smartphone or a gaming controller.

Stay in control

Navigate the TV's functions using the Smart Control supplied with the UE55H6400 Smart 3D 55" LED TV. It has a touchpad to simply switch between pages and windows, and you can use the four directional buttons to choose your content.

It recognises motion, making it easy to point and select panels from your screen, or you can use the voice interaction to easily find and navigate to the content you want to watch.

Recommending programmes and more

Use voice interaction and S Recommendation to find content that's suited to you, based on the programmes you already watch. This technology intelligently learns your preferences, and the more you watch, the smarter it will become.

Simply ask it to find you something to watch and it will respond to your voice, suggesting content from live TV, video on demand services and apps, providing you with the best of online and live content with the minimum of effort.

Striking design

The quad stand with transparent frame helps the UE55H6400 to merge with its background. This means it can compliment any room, and only really stand out when you're watching it. Colour Silver and black
