http://www.canaryelectronics.com/index.php?id_product=67&controller=product&id_lang=1 Enhance your viewing experience when you bring home the LG 55UG870V Smart 3D Ultra HD 4k 55" Curved LED TV. This beautiful curved TV offers UHD resolution, 3D viewing and advanced technology, so you can enjoy all your favourite shows, apps and web content in stunning quality.

High resolution viewing

The 55UG870V boasts 8.3 million pixels and up to four times the resolution of HD, which means you'll soon be enjoy entertainment packed with incredible detail. Thanks to the IPS technology and wide viewing angles, you'll be sure of a clear view no matter where you're sitting in your living room.

Enjoy movies, TV shows and more in near 4k quality with the 4K Upscaler technology. This six-step processing boosts the resolution of lower definition content, so you can enjoy entertainment with even more detail.

This TV combines the powerful Tru Ultra HD processing engine, backlight scanning technology and a high resolution panel so you'll be sure of the best images possible. It's ideal for fast moving pictures, such as sports and action movies, thanks to the reduced blurring.

Passive 3D technology lets you bring the magic of the cinema to your sofa. Enjoy fantastic 3D

entertainment when you connect a 3D Blu-ray player. It also features 2D to 3D conversion, so you can

enjoy your favourite TV shows and new dramas in 3D.

The subtle curve of the 55UG870 not only looks stunning in your home, but also helps to enhance your

viewing experience. The curve helps to provide cinematic-style viewing, perfect when you're watching

the latest blockbuster or your favourite soaps.

The webOS Smart platform at the heart of the 55UG870 lets you enjoy the best of the internet on your TV.
