The Sony BRAVIA KD55X8507CSU Smart 3D Ultra HD 4k 55" LED TV is beautifully designed and packed with the latest technology to bring your favourite films and TV shows to life.

## 4K Processor X1

Experience the latest 4K resolution with the BRAVIA 55X85 Android TV. Featuring the latest Sony 4K Processor X1, every pixel from the video signal is analyzed and converted to optimise clarity, colour and contrast. As a result, you get the best possible image resolution.

With up to four times the resolution of HD, you can enjoy films, TV shows and games in amazing colour and detail.

## YouView & Android TV

Personalise your Smart TV and connect wirelessly to your smartphone or tablet. You can get interactive with the Android TV Smart platform and experience greater flexibility.

Google Cast is a great interactive feature that lets you share music, photos or videos straight from your smartphone on to the LED screen. You can also play games, stream music or buy and download the latest blockbuster from the Google Play store.

TruLuminos colour

---

Complemented by 4K technology, Triluminos brings colours to life. By expanding the range of colours, reds are more vivid, while green and blues are more natural. Contrast and depth are heightened, so you can enjoy true to life colours whether you're gaming or eating popcorn in front of your favourite film.
