Location **London, London**

Children's Wardrobe for sale. Made by Tutti Bambini. Good Build Quality. Dimensions are: Height 1482mm (+ 115mm if you decide to keep the decorative top on). Width 750mm. Depth 500mm. Colour is cream/off white. There are one or two very minor scuffs along with the obligatory biro marks (typical of leaving a toddler unattended with pens when your back is turned!) on a small section of the lower panel of the left hand door. This wardrobe has served us really well and we managed to store both our kids clothes in there at the same time. Selling as it is now surplus to requirements. Central Epsom Contact [email]
