

Ford Focus 1.4 2002 (495 GBP)

Location **South West, Dorset**
<https://www.freeadsz.co.uk/x-253943-z>

I am selling this Ford Focus 1.4 for my son who recently decided to stay working abroad for a year, and regrettably needs his car sold. It has been in our dry underground garage since November and doesn't start now but we are sure the battery just needs charging and when viewed, will make sure it starts. it is a 5 door hatchback, '02 reg, black, petrol, 124,000 miles, MoT 28th June 2016. It is in relatively good condition, not bad bodywork, always been reliable and has been in the family for 10 years. Tyres have been replaced recently and a new catalytic converter fitted last June. There is some service history.
Any more questions please feel free to email or text me.
