Selling my Mercedes clk320. It has full MOT, electric windows and sunroof, full aircon/climate control, AMG wheels with 4 good tyres, part service history, 2 keys, full leather interior, very comfy to drive, owned for past 5 years and never let us down or missed a beat, average condition for its age with a few age related marks as to be expected from a car of its age but just went straight through MOT only needing a wiper blade, be sad to see it go, but need of a 4x4 and lack of use forces sale,;
