A litter of 12 healthy chunky Akita puppies. We have 7 males and 5 females available in this litter. The dame was bred by us and she was raised in our very busy family home so she is very loving and docile, and therefore so are the puppies as they have taken after her. They are brilliant around children of all ages and other dogs as they have been around them since day one, mum and pups. Mother and father can both be seen. We have had lots of positive feedback from previous litters that we have sold, all lovely healthy puppies that are now gorgeous well bred dogs. They have been sold far and wide ranging from Scotland, Wales, down to Cornwall and even to Ireland. A very strong bloodline in all puppies and we have been raising rottweilers in our family home for the past 20 years. All the puppies have wonderful markings and lively personalities . They have been vet checked and all doing perfectly. Males £500 and females £600. No time wasters.
