An excellent runner, recent service history which includes new front shock absorbers, replaced offside headlight, new clutch, brake pads and discs all round, plus service and MOT. Average mileage for its age, but it easily still has 100K plus miles left in it. being replaced due to company vehicle. It has some cosmetic damage to the nearside passenger door and it's missing the wing mirror cover (the wing mirror is otherwise complete). This is a workhorse with huge capacity for carrying large loads, it ain't pretty, but it runs perfectly.;
