We are selling our lovely Honda FRV. It has been a great family car, seating up to 6 people. There are three seats in the front and the central one can fold down when not in use. It is in great condition and has low mileage. It is a sophisticated colour (the best in the range) and is clean and smart inside and out. It has a walnut dashboard and floor mats (including a boot tray). Brand new MOT, new tyres and new battery. It feels safe and sturdy when driving and is also very responsive. There are a couple of parking marks at the rear but nothing major at all. Although the hot and cold air work well, the air conditioning doesn't. This is a reluctant sale and we are looking for a good home as it has been a great car for!
