

Honda CM400T 1980 (750 GBP)

Location **Wales, Clwyd**

<https://www.freeadsz.co.uk/x-255141-z>

this was bought off my friend as a project as my other halves ride, but i ended up just blowing some paint on it & riding it around as a second bike,
new battery, newish conti rear tyre,
starts first time on the button, great little bike, cheap to run & cheap to insure,
easy to turn it into a bobber or brat/cafe racer
worth more but need it gone,
bad points
needs a seat cover, (not a problem if customising)
front brake fluid reservoir is horrible, it works, but i have a nice old honda alloy one to go with it.
downpipes & balance box, are solid but rusty, could do with a wire brushing & repainting matt black
also coming up for a front tyre
needs a bit of spit & polish, but if restored or modified nicely. it will fetch good money, a great cheap bike to own & run, great as a first bike with a good old reliable lump, probably does about 60 miles to a gallon & will run forever
i have the full log book MOT til feb 16, may put 12mths on if needed
its a good honest old bus, its on the wirral, so if ya fancy making me an offer or viewing it, give me a shout, not really interested in a swap, but try me (no cars, mopeds, pit bikes or xboxes)
MAKE ME AN OFFER
anymore details needed mail
