Has been regularly serviced and maintained by a friend who works for a local main dealer. Cambelt was changed in 2013. Excellent runner, never let me down. 3 previous owners. Some minor damage to the rear bumper and boot as shown in pictures and other usual age related marks. There is a slight noise coming from the engine, sounds like a belt noise, been like it for a few months and not caused any problems so just left it. STRICTLY NO AGENCIES OR TIME
