

Suzuki GSR 2011 (4,199 GBP)

Location

Yorkshire and the Humber, South Yorkshire

<https://www.freeadsz.co.uk/x-255922-z>

Featuring the GSXR750 engine albeit geared down for low end of the line speed, this GSR has aggressive street fighter looks and usable power, not to mention a fluid gearbox meaning you can change gear without even feeling it. Something Suzuki have always been very good at. This shiny red example has low mileage, and with the added aftermarket exhaust fitted, the bike has more BHP and sounds mean! Available on finance and with nationwide delivery please get in touch to find out how to have this bike delivered to your door. 01782.
