Top of the range fully loaded Midnight blue Range Rover Sport. This excellent example comes with loads of factory fitted optional extras including: Sat Nav Heated front and rear seats 22" alloys wheels Bluetooth phone prep Harmon Kardon Sound System Electric folding wing mirrors Fully Electric seats Xenon Headlights (inc daytime running LED lights) Rain sensitive wipers Single disc CD player in the front as well as the 6 disc changer Beige leather seats and loads more!!! The car has covered 69k miles and comes complete with Land Rover service history. It had the major cam belt service also at Land Rover Main Dealer. MOT for a year All repairs/services have been carried out by LR dealers throughout the history of the car and all invoices and paperwork are present in the folder. All advisory notes have been acted upon and any parts replaced with brand new genuine LR parts. This car has been looked after really well as you will see from the condition of the car. The car has never been smoked in, has been run on Shell V-Power premium fuel and it has been hand washed every fortnight hence it is in immaculate condition inside and out considering it's age. Some scuffs on some of the alloys and stone chips on bumper as expected with age but nothing too visible. Most ranger rovers out there will have been abused and have very worn seats and tired interiors. but this has been well maintained and cared for as you can see from the condition of the leather seats etc. Any inspection welcome (Tel: 07859 899265) Collection from Bedfordshire NO TIMEWASTERS!!
