I am selling a new full size cello, purchased a few months ago from a company called Hora in Romania. This cello is the model C100, made from spruce and maple, with ebony pegs and fingerboard. It has an attractive satin finish, and light flaming on the back. The cello has been professionally set up, with D'Addario Pro Arte strings and a Wittner Original Alloy tailpiece. No doubt you can imagine my shock when I went for my first lesson, only to be told that this cello is too big for me! So now I must sell it, in order to buy a smaller cello. My cello comes with a brand new soft case, but please note that a bow is NOT included in the sale. The value of this cello and case, with the set up and upgrades, is £900...but you can buy it all for only £600! A lovely cello for a student on a budget. You are very welcome to come and view/play this cello...feel free to bring your teacher.
