South East, Kent Location https://www.freeadsz.co.uk/x-256214-z

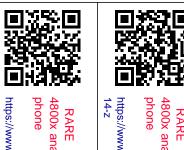

Packed in its original box this phone comes complete with 2X batteries, neither seems to hold a charge but I have read of ways to rejuvenate this type of battery.

Also included is a mains charger and mains adapter for operating without a battery.

This phone is in excellent condition considering its age and the unit fires up with the mains adaptor and all functions work apart from connecting to a network for obvious reasons.;
