Tama Craft project 16ft boat including trailer and new cooker, all new wood at the back of the boat also glass in the doors i made. No holes in hall, so ready to go into water, needs new rubber around the front window as it has bubbles on the that is there now and it leaks, but no damage inside of boat. It will be a great day/weekend boat once finished, i was going to make a bed inside the cabin but dont have the time to finish it. Any other questions please dont hesitate to ask. Thank yoh for reading. ;
