Gear / oil (syntrax).
Exhaust heat / shields and fixings.
11 liters castrol magnatec 10w / 40
engine oil.
Rear spoiler bearing.
Exhaust straps x 2
Silencer strap x 1
Battery.
All new nuts and bolts.
New valve guides.
Cams.
Valve gear - Including Full major service / inspection of the car and carryout all recommended work required on the car, clutch / flywheel etc and plus more invoice / costing in total - £7,548.58, and some other additional maintenance work carried out on the car invoice / costing in total - £5,540.48, the engine

is like new, no oil leaks, new clutch at 86,912 mileage. Always been serviced on time from new to date and always used genuine Porsche parts and fluids from new and throughout the cars life, every single item highlighted for repair / replacement has been addressed and done on the car, so nothing needs doing at all on the car. The car has all factory barcodes and original vehicle identification options equipment sticker (Porsche factory options sticker under the front bonnet lid), car is in completely original condition, no modifications in factory standard specification, never been in accident, accident free car. The body is in immaculate condition no signs of rust at all (no rust, no corrosion, no dents, no marks - on body). The front leather seats / rear leather seats / interior / carpets are all in immaculate condition with no rips or marks, never been smoked in, I have all original handbooks, service manuals, owners manuals, drivers manual, Porsche approved warranty booklet, Porsche assistance booklet, leather document wallet (full complete owners book pack), it comes supplied with comprehensive full document history file including all original bills / invoices / maintenance work / service history record / all repairs and lots of receipts of work carried out over the past years, (huge large invoice and service history file folder), thousand ££££'s pounds spent, " no expense spared " to keep this car in immaculate condition from new to date, i have all bills / maintenance work invoices from 24 / 09 / 2002 costing over - £30,000 on the car, i have original purchase invoice from Lancaster Cambridge 22 / 03 / 2002, mileage: 37,540 (used vehicle invoice), Porsche approved warranty (master plus warranty) which expiry date: 01 / 05 / 2004, the car has every (17) MOT test certificate from new, all old MOT's test certificates from new and road tax disks, all documented mileage from new to date, It comes with full unused tool kit including towing eye, alloy jack, all tools, security wheel nuts, unused spare wheel (space-saver), original air compressor for the spare etc, all original 3 keys / spare keys / flat key / fobs etc, all electrics work perfect, plus all interior lights work perfect, and climate controlled air - conditioning working 100% perfect, the Cup 2 alloys wheels are in excellent condition with no curb marks, 4 Pirelli P Zero N - Rated tyres all around with new rear tyres, good brakes / pads and discs all around, bosch battery, low mileage for year of the car, the previous owner to me - the last owner had owned the car for over 9 years so in total 5 former keepers / owners from new, the car has definitely been well looked after and cared for by the previous owners from new to date, never been driven in the rain always garaged, the only reason for sale is I have purchased a new Porsche 911 and it's a regretful reluctant sale!, the Photos do not do any justice at all and as it was raining and cloudy when the Photos were taken, I will upload some more new Photos when the weather clears up, it runs and drives brilliantly " SUPERB " like new and the car is in immaculate condition inside and outside. Regarded by many as the best air cooled car to be produced by Porsche, the 911 (993) model is becoming increasingly difficult to find, with the C4 now becoming quite rare, ensuring this car as a truly collectable 911 (993) Carrera 4 today. This is definitely the best Porsche Carrera 4 / C4 on the market with all preferably accompanied with bills / invoices / maintenance for all work that has been undertaken with full service documented / extensive service history record from new and the immaculate condition of the car, I have all V5 logbook and documents, Full HPI clear check summary report available. Any inspection welcome. No advisories on last MOT test certificate, Next MOT due 15 / 05 / 2016. Genuine reason for sale, genuinely reluctant sale. Serious enquiries only please. For further enquiries or any questions please call me.

The Porsche 993 Carrera 4 has an ABD system (Automatic Braking Differencial) installed to improve

handling; it brakes the inner wheel when accelerating out of a corner. From the outside the Carrera 4 is visually distinguishable by clear front and rear red turn indicators. The brake calipers are painted silver as is the 'Carrera 4' badge on the hood. The center wheelcaps carry the Carrera 4 logo instead of the Porsche crest. The Porsche 993 Carrera 4 is very rare car and only limited numbers were made / manufactured and supplied to the UK, Key on the Carrera 4 is the weight saving verses the 964 all wheel drive system, a lower maintenance viscous coupling unit that transfers 5-50% of power to the front wheels and changes the driving behaviour of the car compared to the 993 Carrera. The 993 Carrera 4 is due to the all-wheel drive suited to cope with all weather conditions, which provides extra security in rain or snow, There was no Tiptronic option available on the Carrera.
