Due to retirement, i am selling as a job lot my trusty mostly well used panel beating tools. to many to list but includes a Blue point mini grinder and air saw, specialist hammer and dollys, good quality punch/Flanger tool, tin Snips, selection of mole grips and marking out equipment etc etc. The tools vary in condition and quality but are reusable some may require some minor maintenance . The sale includes the tool caddy (unbranded) and a useful steel storage cupboard. As the lot consists of multiple items I would suggest the lot is viewed before any purchase is made. As it is a difficult lot to price I have arrived at a guide price of £200.00 leaving room for best offers, cash on collection only please, local delivery by negotiation.;
