

# Wedding, Newborn and Family Photographer Sutton

Location **London, London**  
<https://www.freeadsz.co.uk/x-257444-z>

Newborn photography sessions in the comfort of your home. A newborn session is just £150, in the comfort of your home. Newborn sessions last for 2-3 hours, and you get 25 images on a disc and 4 8x10 prints. The session includes back drop and prop / clothes changes. It is best to do the shoot in a very warm environment so baby is sleepy, and after a feed. I have props, but if you wanted to add some of your own, that's absolutely fine. Please view my page at [www.facebook.com/louisagiordanophotography](https://www.facebook.com/louisagiordanophotography) to look at more of my work and to contact me. A 25% non-refundable deposit is required on.
