Red, 1 owner, If you want a lightweight dual sport trail bike that can handle a commute in the week and then head into the countryside on green lanes at the weekend – this is it. Good ergonomics suspension and chassis means that the CRF is well balanced either on road when you’re sat down or off-road stood up. The CRF uses a de-tuned CBR250R engine with the benefit of more low and mid range power. Soft, user friendly delivery will help you make good ground without getting you into trouble. It’s also very quiet, ideal for trail riding. The North West’s finest family run motorcycle dealership, £3,795 p/x
