Very strong, (ultra-lightweight) folding table (40 GBP)

Location Yorkshire and the Humber, South Yorkshire https://www.freeadsz.co.uk/x-258214-z

A really useful, ultra-lightweight and high quality piece of out or indoor furniture, with integrated (built-in) stools, that will comfortably seat 4 people, taking 95kg on each and easily 30kg! on the table top. It is perfect for the garden, picnics, parties and camping. So a versatile yet very tough item. Made from galvanized steel alloy legs and supporting frame, with an easy wipe clean, table top surface, along with it being easily transportable (when folded up obviously), so it will fit into any car no problem. It is also ideal for any spacious room in the home, including the office, education establishments, exhibition organisers, community centres and caterers. Dimensions:-

Table Top: L84.5cm, W64.25cm, H66cm (erected)

Each seat: Top L30cm, W27cm, H40cm

Overall Size: L136cm, W64.25cm, H66cm Weighs just under 10kg, which isn't heavy at all. Includes 3.5cm sq hole (as seen) for umbrella and stand. (The best kind of table for the price you will find

anywhere) Price wanted is great value for money. Thank.
