I would like to introduce you to Storybook a beautiful and unusual way of presenting photographs of your wedding .Most people know that because of digital photography albums with ordinary photographs will soon be a thing of the past .Storybook is an innovate idea that presents itself as an ordinary book ,yet each album has its own individual style and character . Album pages are made of quality photographic paper ,either of structures silk or metalleic paper with each page 16 mm thick - this prevents the paper from wrinkling or creasing . Storybook is avaiable in a number of different attractive covers eg. wood,aluminium or plexi and in the following sizes 40x30 cm,30x40cm,30x30cm ,30x22cm,20x30cm. Storybook should include photos from childhood, groom dressing ,the bride visiting the hairdressers ,the jurney to the Church or Register Office and all the celebrations that make your day special . I am for you all day without any time limit .With a pleasing combination of both formal and informal photos some will be produced in black and white ,others in colour or sepia .My experience ,professionalism and a personal touch for that special occasion is what I offer to you .I am sure you will be extremly satisfied with my work ;).<https://www.facebook.com/weddingphotographer/>
