I have a litter of rare pure-bred Cŷm Defaid Cymreig/Welsh Sheepdog puppies, available from sale. The puppies were born on the 17th November 2015, and in line with possible future 10 week legislation are ready to leave for their new homes now !

They are micro-chipped, parvovirus vaccinated, wormed, and Vet checked, come with a minimum four generation, printed pedigree, and four weeks free Insurance! Both parents are from working lines and registered with Cymdeithas y Cŷm Defaid Cymreig /The Welsh Sheepdog Society. Dad has 'breeding licence' granted by the Society.

This breed is highly motivated and extremely intelligent! Working homes such as herding, farm, shepherd, search & rescue are perfect, as is agility etc. all such homes are advantageous, especially for the dog itself, and the continuation, well being, and future of the breed! The Ci Defaid Cymreig will also make a good pet / companion dog !!! But only in the right home!!! This breed like most breeds will love to lie on your sofa, and will do so with the least amount of encouragement. However this breed is NOT a couch potato!!!! and will not appreciate it, if you are! if you have a genuinely physically active home lifestyle they will be fine with you !!!

LITTER UPDATE: 1 male & 1 female still available !!! Male £250.00, Female £300.00

Please telephone me for further information, and for a little suitability chat! or for any other advice or information you may require about this wonderful, hard working, ancient and very rare breed of working sheepdog

Y Ci Defaid Cymreig, The Welsh Sheepdog, is probably, the best working sheepdog in the world, and the indigenous sheepdog breed of Cymru/Wales. The Welsh Sheepdog is an ancient and rare breed that can

be traced back in Welsh written records to approximately the 14th century, amazingly, they can still be found working stock, and search and rescue tasks, and are being produced in the age of the 21st century, and are as old as the hills.
