Our lovely grey indoor rabbit Jessica needs a new loving home and family. Unfortunately my wife has become allergic to her and regrettably she has to go.....Jessica that is, not the wife!! Jessica has been spade, her jabs are up to date (her jab record card will be given to new owners) and is about three years old. She is very affectionate, toilet trained (she will only poo n pee in her cage) and great with other animals. Due to my wife's allergy we unable to give her all the fuss and attention she needs which is heartbreaking for us but she so deserves more, so it's time to let her go.....again I'm talking about Jessica rabbit here!! She is offered FREE to a good home and we will also chuck in her big indoor cage and any other bits we have for her too. We would like her to stay an indoor rabbit with her new family if possible, she may be a little to used now to her warm indoor comforts! Feel free to give me a call/email for more details or if you have any questions. We are based just outside Ashford in Kent. Thanks for.
