Suspended 100mm Roller in Stainless Steel for Fishing Boat, as New. (30 GBP)

Location **South East, West Sussex** https://www.freeadsz.co.uk/x-268806-z

This is a wrought and welded roller with suspension eye, to take pot, rake or net line. The roller is made of solid plastic, probably ABS, pivoted on a 12mm A2 bolt, and the frame is of 5 x 75mm stainles bar with an eye welded on top: a very solid construction.

The roller is 100mm long by 45mm diameter, turned out of a solid block

This would cost at least £50 to duplicate, I am asking £30 for it.

Buyer collects or I could post it for £2.80 at current.
