i am a retired lady looking to relocate to a rural or semi rural location.i would like somewhere with maybe some outbuildings and a little bit of land i have a small sanctuary for special needs cats so need somewhere safe.i was recently a victim of a cruel con man who owned a farm and told me he had land to rent with permission to site caravans.on this i went ahead and bought a static with the intention of living in it and building a large pen for the cats to have a certain amount of freedom.unfortunately this was not to be before i could move in the farmer was evicted from the farm and i also found out did not have planning permission for caravans .this has left me in the position of having to sell static as its in danger of being removed by council baliffs as its there illegally.i know have a short period of time to relocate as my lease is coming to an end and unless i can find somewhere to live the sanctuary will have to close and the cats may have to be putPlease if anyone can help please contact me asap. I can supply
