At GTAG Security Ltd we aim to provide unparalleled quality of service and value to our clients, while maintaining our strict Corporate Social Responsibility code, which is reflected in our company ethos and mission statement. 'With integrity, efficiency and responsibility we strive to uphold our mission' To develop and maintain strong community and corporate relationships, for the prevention of crime against organisations, persons and communities, sustaining excellence, professionalism and care. We provide security guards and HD CCTV systems for commercial clients across Leeds and Yorkshire. Our Security Personnel are highly trained, SIA Licenced, experienced professionals who have successfully proven themselves through our rigorous selection and training process. We believe the key to delivering a high quality of service to our customers begins with careful 'officer allocation'. We review the individual security needs of our clients stringently, then carefully match our security officers to those sites, based on their training and experience, ensuring we match the right security guard, to the right site. As part of our commitment to service and quality 'GTAG CCTV' offers only the best in commercial HD CCTV products. We are proud to boast HIKVISION Approved Installers, who, along with our expert Security Consultants can help you design your HD CCTV system tailored to suit your individual security requirements. Our commercial CCTV clients across Leeds and Yorkshire can choose from a wide range of security products including; commercial HD PTZ, this type of camera allows the user to view their premises on a 360-degree basis, either manually or by using a pre-set. All our CCTV systems also come with the added option of remote access, meaning that you are able to securely log into your CCTV from anywhere in the world, using your tablet, phone or PC. All GTAG Security guards and personnel hold current validated SIA Licences, have been thoroughly vetted through the DBS (Disclosure and Barring Service), as well as

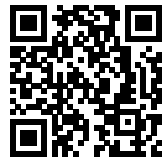

our other standard employment checks. As part of our ongoing commitment to quality, safety and value we have implemented a fully in-house training programme. Our Officers and Personnel will receive a 4-week training course, 6 months of on-site training and a 6-month probation period. This ensures that our security guards are highly trained and motivated, delivering a high quality of service to our clients. Our security guards are also equipped with the latest technology, including our 'GTAG System'. This feature of our security guarding service uses strategically placed electronic tags, which are arranged around the site to achieve maximum coverage. At agreed times during the shift the officer will patrol the site using a hand held device to scan the tags. At the end of the patrol the data is loaded onto a docking station. From this the client is able to view accurate records of the security measures and patrols being carried out on their property. Or why not combine our products and services for great discounts and security peace of mind. Clients across Leeds and Yorkshire can benefit from our great range of HD CCTV products and combine that with manned guarding, a retail security officer, door supervisor etc. or full
