Ford Fiesta based kit car, pick up truck. Built 10 years + ago. was used for a while then parked in a garage for a few years. Lights brakes work all ok. Recently rebuilt fuel pump, new fan belt and check over. Engine was running very sweet but has a few small problems which need sorting before car can be MOT'd. window washers need repair, exhaust has a blow. Hence selling as project. V5 needs to be applied for as it has been lost.
 £620 may consider part ex w.h.
