This dear little mixed breed boy is KYLE. At around 11 years young, Kyle is looking for his forever home. Other dogs are very welcome, cats too, and we would like children to be 4+ please. A forever home to call his own with a warm bed and lots of belly tickles is all Kyle dreams of, he'd make a lovely companion for one lucky family. He is vaccinated, microchipped and neutered and in foster in the Bedfordshire area. If you could offer Kyle a space in your home and your heart please message or go to our face book page The Dog House Rescue for more information. (Subject to application, home check and adoption.)
