This car is as new, was registered on the last day of 2015 and has covered only 1721 miles. It has all the SE kit including 17" alloys, 9 speed auto box with paddles, bluetooth phone prep, cruise control, reversing camera and agility control suspension with additionally - a larger capacity fuel tank, privacy glass, boot space protection and full Garmin Navigation on the 7" screen. It is a private sale and has to go as my wife cannot get her head round all the electronics - particularly the gearstick shift on the steering column. Your chance to have the latest Mercedes at a discount from new without the!
