

Ford Mondeo 2007 (1,795 GBP)

Location **South West, Dorset**
<https://www.freeadsz.co.uk/x-269933-z>

2 litre tdc engine, 227000 miles but runs perfectly. Mot till July 2016, had new discs and pads on the rear, new turbo and service just before Xmas, replaced all drop links, rear bushes and antiroll bar bushes. 4 good tyres. Standard ford stereo with cd player. Aircon works fine. Tow bar that has only towed a small trailer.

Now the bad bits, drivers seat belt works fine but every so often the warning light comes on. Both front doors have a square patch where some stickers were so a different colour. I had an argument with a pillar in a car park and the nearside has some deep scratches but not serious (see photos) price reflects condition. Apart from this there is nothing wrong mechanically.

Sorry the photos are the wrong way round. No resonable.
