Very reluctant sale of my TF which is in lovely condition with no rust or dents and has only covered 51,000 miles with FSH and drives without any faults. I travelled all over the country and viewed eight TF's before I found this one and it is a fantastic car and needs nothing doing to it at all. The soft top is in mint unmarked condition with a nice clear window. It has a Miltek stainless steel four pipe exhaust system which sounds lovely, it has the roll bar hoops with a glass windstop, Leather interior, 17 inch alloys with excellent Toyo tyres, MG carpet overmats, Pioneer bluetooth stereo with separate microphone for handsfree calling, USB and aux in, private number plate is included and has been valued at between £300 and £575. I also have an immaculate black hardtop which is available to buy separately. Cambelt was changed recently and car has an MOT till July with no advisories. Any inspection is welcomed A/A, RAC etc. Call Russell on 01376 328499 or
