This is my R1150RT in white. Has extras that enhance the use of the bike. BMW Radio/cassette, front speakers, autocom intercom, panniers and topbox, pannier liner bags, bmw tank bag, low and comfort seats, rear hugger, front fender extender, oil cooler grill, headlight protector, heated grips that work. This is a non ABS/Servo bike, the abs/servo units are poor quality and has been removed to allow the brakes to work (with servo unit they just packup with no brake available). Good Bridgestone BT021 front and rear. serviced at 21000 and at 24000 since I owned the bike. Clutch and gear box working as should. Minor damage to fairing as shown in pics near exhaust and on mirrors. It is white but was not a police.
