This is my partners Audi A3 2.0 Tdi Sport manual 6 Speed gearbox:
 This has been an excellent car through the time we have owned it it was purchased for my partner to commute up to Purley daily which it has done and never let her down.
 It has MOT till 12/08/2016
 Mileage is 179,424

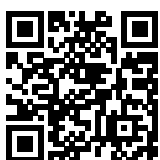

The car Starts first time every time and drives superb the mileage is primarily motorway miles and this car has an excellent service history with a huge folder of receipts. The car is in good condition overall with a few marks as to be expected and a dent in the fornt wing as pictured

The car has a number of optional extras from the factory including Xenon self adjusting headlights, cruise control, trip computer, Premium sound system as well as the usual refinements such as sports seats, central locking, electric windows, electric mirrors etc etc

All tyres were replaced a few months ago.

Only reason for sale is my partner has now got an automatic car as its more relaxing during the commute to work.
