Hi welcome to the ad for my ford puma, This is a very good original example of fords under rated little hothatch from the 90's. to start with its a ford so does what it says on the tin its very reliable and everything works as it should, very comfortable to drive has power steering, ABS, electric windows and mirrors also heated front and rear screens (handy for those frosty mornings) she has been well looked after 2 owners from new and always garaged. with extremely low miles at just 46,000 makes this a cracking little car. goes very well with the 1.7 zetec.S engine and with the variable cam timing you get the extra grunt and good MPG aswell! She is in very good original condition does have the odd little mark here and there but for a 16 year old car its very tidy, if there is a cleaner one out there its had a respray!! there is no rust on the car at all! and all four tyres are good also has a stainless sports exhaust which gives a nice little tone and obviously wont rust! she is a great little car a real drivers car with sporty performance and great handling has mot but will come with a fresh 12 months genuine buyers only please NO tyre kickers. NO part ex. and cash only..
