## Sony NW-ZX1 Media Player 128GB Android Operating System (375 GBP)

South West, Avon Location https://www.freeadsz.co.uk/x-271263-z

Bought in January 2015 for commute but changed jobs nearer to home so no longer travel by train. Used sparingly during this time and boxed up and unused for the part 4 months. In excellent 'as new' condition. Cost me £599.99. Plays 24 bit wav files and FLAC beautifully. I would advise you pair them up with some decent audiophile headphones or earphones otherwise you will not get the true High Resolution musical experience. I have some Shure se530PTH's for sale also barely used cost £400 new and they are an excellent pairing, can sell for an additional £175.00. Paypal accepted although I would prefer cash on collection. Can post next day delivery (1.00 pm) and insured £8.50 additional.
