This is just what Brighton is all about, unique, quirky and simply stunning apartments. The moment you walk into this apartment it screams personality, the owner really has lovingly injected her own stamp on the apartment, from space saving solutions to gorgeous artwork and exposed brick work, it has it all.

As you walk up the striped stairs and look down the hallway into the lounge with a gorgeous half moon window against the exposed brick you will simply fall in love. Wooden floors and plenty of space for a dining table and sofa, the space is just fabulous. The kitchen is country style and feels so homely, solid wood worktops, plate storing rack and little shelves for your nick knacks. There is a full size fridge/freezer, washing machine and gas cooker.
