This iconic Mercedes SLK is mechanically in great condition, It has a MOT until Jan 18 2017 and no advisories. its been very well looked after and i have loads of old MOT's and receipts from work that has been carried out on this car. The gearbox in this car is in very good condition and contributes to a very smooth, enjoyable drive. The car has a few age related marks and a little bit of rust but all has been considered in this low price for such a great car. I am available daily for viewings and for any more.
