Our Pet Flap Service is available in The South West of the UK.

We can either fit your petflap (providing it is suitable for the future) or we can supply a suitable product. We use Starwell Petflaps products.

If you are purchasing your own product, please ensure that the petflap is of suitable size for your pet, and that it is of suitable depth for the future. An additional tunnel may be required, depending on the width of your furniture (door, window, wall, etc.)

We can fit the petflaps into timber doors, composite doors, uPVC doors, door panels, walls and supply double glazed glass units onto almost any petflap.

We recommend three types of cat flap; standard 4 way magnetic flap, and aluminium framed. All are available with replacement flaps, either from ourselves or direct from Starwell.

**Starwell Manual 4 way locking - including tunnel**

E. 10.99 + vat

**Starwell Magnetic 4 way locking - including tunnel**

E. 20.99 + vat

**Aluminium Pet Door [Small] Cat or Dog**
