Our Pet Flap Service is available in The South West of the UK.

We can either fit your petflap (providing it is suitable for the future) or we can supply a suitable product. We use Starvel Petflaps products.

If you are purchasing your own product, please ensure that the petflap is of suitable size for your pet, and that it is of suitable depth for the future. An additional tunnel may be required, depending on the width of your furniture (door, window, wall, etc.)

We can fit the petflaps into timber doors, composite doors, uPVC doors, door panels, walls and supply double glazed glass units onto access through a pet flap.

We recommend three types of cat flap, standard 4 way, magnetic & jaw, and aluminium framed. All are available with replacement flaps, either from ourselves or direct from Starvel.

Starvel Manual 4-way locking – including tunnel

E. 10.99 + vat

Starvel Magnetic 4-way locking – including tunnel

E. 20.99 + vat

Aluminium Pet Door [Small] Cat or Dog
