

Do not have a time for repair? Tired from the "Artex"? Interested in something new than traditional plasterboard or suspended ceiling? Looking for something at a reasonable cost? Try a stretch ceiling!!!

"Right Ceiling For You" will help you create a unique style in your premises.
The texture of stretch ceiling looks like a solid ceiling with flat and smooth surface.

Advantages over the traditional ceilings are:

- stretch ceilings do not fade;
 - the do not crack;
 - they are waterproof, damp proof and fireproof, according to the EU standards;
 - the installation's time is about 5 hours (based on 20 sq m);
 - stretch ceilings suit for any residential or commercial property (house, flat, office, exhibition, restaurant, swimming pool and so on);
 - ability to create a one- or multi- levels construction, straight and curved shapes, backlights, illumination, LED strip lighting on the perimeter;
- The time between measurement and installation approximately takes no more than 7-10 business days. It gives us an undoubted advantage in comparison with other building companies. Disadvantages are: - All dirty works must be finished before our engineer come into your premise. - The exact measure is required. For us is important every inch. Just image! Starry sky, mirror gloss surface, your favourite image and translucent ceiling. This is not a complete list of work that our company can create.

Service Area: Greater London, Essex, Middlesex, Hertfordshire. Free measurement and quotation!!!

We can deliver :Cambridgeshire, Suffolk, Dorset, Kent, Surrey, Cheshire, Berkshire, Buckinghamshire, Bedfordshire, Northants. The quotation and the surerment are free but we would like to ask you to pay the expenses to our company to cover our cost. We are open to discuss any queries and happy to cooperate with architects, designers, owners, landlords, distributors and building!!!
