## **Ladies Mountain Bike Brand New (90 GBP)**

Location London, London https://www.freeadsz.co.uk/x-272243-z

Brought but it was not the right bike for me, it is a small frame I think 16ins so would suit a smaller lady I am 5ft. It comes with front suspension and disc brakes, brand new never been rode or even outside. It is a lovely bike just not for me. Brought from Halfords in.
