The bike was purchased new from a Triumph main dealer in 2008 and has hardly been used since taking delivery, as indicated by the extremely low mileage (2137 miles as shown in attached photo). The bike is currently taxed and has a current MOT which expires in April 2016. There is a FSH, old tax discs, receipts and an additional set of exhaust silencers are included in the purchase price. The bike has never been ridden in wet conditions and has always been stored in a garage under a protective cover. The bike had a Triumph main dealer full service in Sept 2015. Fitted extras include centre stand (also has side stand), colour co-ordinated fly screen, Bonneville engine dresser bars and pillion grab rail. This bike is in exceptional condition and is not dented, scratched or damaged in any way and it looks absolutely.
