There is a folder full of invoices/MOTs and all original handbooks including service book with 20 service stamps. It's a light colour Gold as you can see from the pictures although foodbook puts it down as silver

It's in good condition, has been driven in the snow and has a new air change, 13 seats, electric windows, electric folding heated door mirrors, Radio, 2000w power windows, 7000w speakers, 1000w amplifier, 2000w speakers, All in all it has only been 4-wheel drive High and Low Ratio.

It's 17 years old so obviously has the odd dent and a scratch here and there and on the driver's side rear quarter a scratch. I have been quoted £100 to have this painted so nothing major. The car has never been used for off roading.
