This is the perfect desktop PC for anything that you require, turns on within 7 seconds, can play all games on ultra settings at 4K single monitor, can render videos very quickly and the CPU can be over clocked to 4.4ghz reliably. Also I have done very good cable management and with the glass window and LED lights it looks amazingly impressive as well. Comes with a genuine copy of Windows 10 pro pre installed fresh. It has 128gb of SSD storage which the OS is installed on and a 1TB 7400rpm HDD for anything else you want to store such as games music etc. I would prefer for the desktop to be picked up or for me to drop it off so that you can see it in action and no damage can be done during courier transit. It is located in Eastbourne, East Sussex, and can be dropped off to you by me within 50 miles within Eastbourne. Total parts cost was over £901.00. Complete parts list and what I paid for them: • MSI NVIDIA GTX 970 GAMING Twin Frozr V 4GB Graphics Card @ £274.99GBP • Intel Core i5-4690K 3.50GHz (Devil's Canyon) Socket LGA1150 Processor @ 161.94GBP • Corsair Obsidian 350D Black Micro-ATX Window Gaming Case @ 78.00GBP • G.Skill RipjawsX 8GB (2x4GB) DDR3 PC3-14900 1866MHz Dual Channel Kit @ 68.99GBP • 120GB Samsung 840 EVO Series 2.5" SATA 6Gb/s Solid State Drive SSD @ 53.94GBP • Western Digital 1TB 3.5 inch Internal Hard Drive - Caviar Blue @ £39.59GBP • EVGA SuperNova NEX 650W '80 Plus Gold' Modular Power Supply @ 65.57GBP • Gigabyte Z97M-D3H Intel Z97 (Socket 1150) DDR3 Micro ATX Motherboard @ 75.00GBP • Corsair Hydro Series H100i All in One 240mm Digital High Performance Rad Liquid Cooler for CPU @ £82.98GBP • 2x LED Light Strips to molar connector, used from old pc
