This Silver Crest 4 slice toaster in white is brand new in box and unopened, an unwanted present, so is a good buy. It has a number of features which make it attractive. 2 heating elements, so you only use one for 2 slices of toast which makes it more economical. Electronic browning for consistent toasting. Variable browning control, so you can have your toast as you like it. Defrost function so you can toast frozen bread. Stop button for interrupting the toasting cycle. Safety shut off when toast is blocked preventing the toast from burning. 2 Removable crumb trays which assists in keeping the toaster clean. Built in cable storage which helps to keep the toaster tidy for storage or traveling. The toaster is a maximum 1500 watt capacity supplied by a generous 100cm cable. As it is unopened, the box size is 32.5cm x 31cm x 23cm. ;
