rabbit cage and run chicken coop style withwithout rabbits (65 GBP)

Location London, London https://www.freeadsz.co.uk/x-273220-z

this is a nice animal cage which was used for one rabbit. only used 2 months so in good condition with just slight staining on the inside tray. has a nice side bedroom. the box section is still built with the run bit taken off and flat. £65 (cost over £100 with delivery). I also have 2 rabbits for homing. one has been neutered but not the doe. they are bonded and 11 months old. the bucks castration cost was £85 so the pair would be £115. with the cage and bag of hay & food the whole lot would be £175. the rabbits are very friendly and would make great family pets and save you all the visits and stress of the vets with neutering. thank
