I am selling this top quality LOWE ALPINE "Walkabout 45" Ruck/Backpack on behalf of my nephew who has only used it once, and then put it away. This ruck/backpack is finished in a blue/black combination and looks great.

This 45-litre Ruck/Backpack from Lowe Alpine is a good-fitting rucksack, and the "Air Cooled Back System" is both comfortable and cool. The shoulder straps are well contoured and padded, and the plain webbing hip belt works fine. The back system offers much of the cooling of the concave airflow systems, but holds the load a lot closer to your back, making for a more stable ride. It has good side pockets big enough for a flask or water bottle.

This item is in great condition and intact, and when bought new this was £190 !
