I am selling My Ford Ka, I have owned her for 18 months now.
 She's a cheap car, but let's face it, when we buy a cheap car top of the list is reliability and i assure you that's exactly what you'll get, she'll run for ever!
 Starts first time, every time & very economical and cheap insurance, drives the same as the day i got her.

She pulls as she should and has 2 brand new back tyres & a spare wheel.

14" Alloy Wheels, Alloy & Locking Nuts.

Good battery with indicator still green.

All electrics work, Boot catch, Windows, Heater, Rear Windscreen Heater, Rear & Windscreen Wipers, CD Player, (lights) reverse-brakes-side-indicators-hazards-internal & Main Beam (adjustable)

Seats & Belts work as they
